Copts and the Security State: Violence, Coercion, and Sectarianism in Contemporary Egypt (Stanford Studies in Middle Eastern and Islamic Societies and Cultures)

At least two things: the first is the ensemble of pressures,

forces, indexes, and vectors that, from the outside or from the context, move in the time and work of the author, determining his text; the second is the ensemble of pressures, forces, indexes and vectors that issue from the text to act upon the outside, or better, upon the context, constituted by the so-called consumers, by readers and listeners of today and tomorrow, and by their expectations.

Transitions of Aging

If we are to preserve the dignity of our children--even and especially the ones our systems dismiss--we must uproot the intentionally unequal systems that currently govern us, and replace them with fair, equitable, and just structures that consider the humanity of every person. Close x.

Following Hemingway to Paris: The Lighter Side of Depression and Alcohol-abuse in the City of Lights
