What is peculiar in Germany is that dynasties tried to establish the principle that marriages that were contracted outside of this group were less valid; and, in particular, that the offspring's claims were automatically curtailed, as a matter of law. If the lesson from the start has been that no one can sit on the Iron Throne, that all kings and queens are corrupt, and that no human can withstand the pressure and the power without eventually caving to madness or cruelty, Bran is the only option that makes sense.
